HAVING ITS EFFECT.

Kentucky's Visit to Smyrna Causes
Turkey to Act.

CLAIMS TO BE PAID.

The Porte Has Not Yet Granted the
Establishment of a Consulate at
Harpoor, but a Settlement
of Differences Expected.

Constantinople, Nov. 30.—The opin-
ion is expressed in diplomatic circles
that the American claims, arising from
the American massacres, may now be
regarded as practically settled as an
irade providing for the building of a
cruiser in the United States is officially
promulgated.

The question of the consulate at Har-
poor remains open, the porte persisting
in his refusal to grant an exequatur to
Dr. Thomas H. Norton. The moral ef-
fect, however, created by the presence
of the United States battleship Ken-
tucky at Smyrna in support of the rep-
resentations of the American legation,
taken in conjunction with the settle-
ment of other claims, leads the legation
to hope for an early arrangement of all
outstanding difference.

Smyrna Dispatches Censored.

London, Nov. 30.—Nothing in regard
to the United States battleship Ken-
tucky is coming direct from Smyrna,
the authorities there are evidently cen-
soring all dispatches.

Refused on Russia's Suggestion.

London, Nov. 30.—A Reuter dispatch
from Constantinople says it is suggested
that Russia is prompting the porte to
refuse to grant an exequatur to Dr.
Norton. The dispatch adds: "It is an
open secret that Russians dislike foreign
consuls in Asia Minor, especially Amer-
icans, whom they suspect of aiding the
American mission work in Armenia."

REBUILDING OF GALVESTON

Many Delegates in Attendance at the
Convention at Fort Worth.

Fort Worth, Tex., Nov. 30.—Many
delegates and visitors are here for the
two day's conference of leading rep-
resentatives of the state, the purpose
being to devise means for the restoration
of Galveston's deep water port and the
further protection of harbor, organized
here this morning. Resolutions will
be adopted calling for national and state
aid. A committee will be chosen to
present a memorial to congress and the
Texas legislature.

Judge Walter Gresham in discussing
the situation, said that all Galveston
would ask of the state of Texas was ex-
emption from taxation for a period of
15 years and the state government to
pay the actual expenses of the city gov-
ernment of Galveston for 2 years, which
would probably not exceed \$40,000 for
the two years. The national govern-
ment will be asked to rebuild and main-
tain the harbor and jetties and build a
sea wall.

Will Test Suffrage Law.

Washington, Nov. 30.—The national
Afro-American council has appointed a
committee to see that the validity of the
Louisiana constitution of 1898 is tested
before the federal supreme court. The
opinion of a number of leading lawyers
north and south has been obtained re-
specting suffrage and the supreme court
will have before it shortly cases, that it
is believed, will secure an expression of
its opinion respecting these suffrage
laws.

Stillwell Forming a New Company.

Kansas City, Nov. 30.—The federal
district court has appointed F. M. Black
of Kansas City receiver of the Guardian
Trust company. When apprised of the
appointment of a receiver President
Stillwell declared he had expected such
action and was already preparing to
form a new company which would
finance the Kansas City, Mexico and
Orient railroad which he is promoting.

Death Brings Promotions.

Washington, Nov. 30.—The death of
Admiral McNair will bring about a num-
ber of promotions in the navy, the more
important being Captain Jno. J. Read, to
the rank of rear admiral, Commander
William T. Barwell to the rank of cap-
tain, and Lieutenant Commander J. A.
Nickels to the rank of commander, with
other advances all along the line.

Shot Her Mother.

Vincennes, Nov. 30.—Miss Bessie Har-
gis, the 18-year-old daughter of Mrs.
Charles Hargis of Bicknell, while play-
ing with a revolver accidentally shot her
mother in the abdomen, the ball inflict-
ing a fatal wound. The young lady is
completely prostrated over the sad ac-
cident. Mrs. Hargis is unconscious and
cannot survive.

Money Order Clerk Arrested.

New York, Nov. 30.—George K. Kempf,
chief money order clerk in Station "P"
of the postoffice in this city, is under
arrest on the complaint of Michael H.
Boyle, who charges Kempf with ab-

stracting money from several letters. A
number of letters and \$9 marked money
were found in Kempf's possession.

An Eight-League Club.

Birmingham, Ala., Nov. 30.—The
Southern Baseball league meets here on
Dec. 15 to complete the circuit and ap-
point a schedule committee. It is pro-
posed to admit Atlanta and Little Rock,
making eight clubs league with Bir-
mingham, Chattanooga, Nashville, New
Orleans, Memphis and Shreveport.

THE PANAMA ROUTE.

President of the Company Calls on Sec-
etary Hay at Washington.

Washington, Nov. 30.—President
Hulin of the Panama Canal company,
called by appointment upon Secretary
Hay today and had a long talk
with him touching the prospects of the
Panama canal as filed by probable legis-
lation at the approaching congress. The
Panama company has as yet made no
official tender of property to the state
department. It has, however, presented
to the isthmian canal commission, of
which Admiral Walker is president, a
full statement of the affairs of the com-
pany and conditions upon which it
might be willing to pass control of its
property to the United States govern-
ment in the event the Panama route
would be chosen.

The commission will include Hulin's
communication in the report so that
congress will have before it material for
exercising a choice of its own between
the Nicaraguan and Panama routes. It
is probable, however, that before the
latter can be taken under serious con-
sideration a more definite proposition as
to exact terms under which the Panama
company's rights could be acquired by
the United States, will be required.

The canal commission is making a
strenuous effort to finish its preliminary
report which will be sent to congress as
an accompaniment of the president's
message and that in the meanwhile it
will probably not be made public.

It is evidently the intention of the ad-
ministration to press canal legislation
upon congress earnestly and speedily
from the very beginning of the session.
It is expected that before final action
can be had in the senate upon the pend-
ing house bill, providing for the con-
struction of the Nicaragua canal, the
executive branch of the government
will have succeeded in removing certain
obstacles which now lie in the course of
the pending Hay-Pauncefote treaty and
if this latter convention should be rat-
ified, the administration's influence will
be cast in favor of the pending bill.

President and Henderson Confer.

Washington, Nov. 30.—The president
and Speaker Henderson had extended
private conferences here. They took a
long drive at which the programme for
the coming session of congress was dis-
cussed. A large number of senators
and representatives were awaiting the
president when he returned.

Fire in Treasury Department.

Washington, Nov. 30.—At 11:30
o'clock this morning fire was discovered
in the files of the room on the third floor
of the treasury department. It was ex-
tinguished before serious damage was
done.

Rebellion in South China.

Victoria, B. C., Nov. 30.—The rebel-
ion is growing in south China, accord-
ing to mail advices. At the villages of
Lanto Chukni province, Kwang Tung
opposed the rebels for two days, but
finally had to retire with a loss of 2000,
the rebels losing 200. The rebels after
their victory fired the villages and mas-
sacred the women and children. Ad-
miral Ho's force went after the rebels,
driving them back and burned their vil-
lages.

Americans Disappointed Him.

Victoria, B. C., Nov. 30.—Ship ad-
vices say it is reported that Field Mar-
shal Count von Waldersee, supreme
commander of the allies, will shortly
return home. The chief reasons given
for this is that the general, who expected
that the supreme command of the allies
would be entrusted to him on arrival in
China, was deeply disappointed at the
outset by the American attitude.

Colonel York Reported Dead.

Berlin, Nov. 30.—A special dispatch
from Pekin announces that Colonel
York, commander of the German col-
umn, who was reported to be at the
point of death in consequence of inhaling
the fumes from a stove in his
bedroom, died at Hivaibai. His body
was sent to Pekin.

Typhoon at Tourane.

Victoria, B. C., Nov. 30.—A dispatch
to the China News from Hong Kong re-
ports a typhoon at Tourane in October
lasting 38 hours, destroying villages, rice
fields and buildings and laying the har-
bor bare. It is estimated that 1500 to
1600 persons perished and the remaining
4650 people are without provisions.

Famous Bandmaster Dead.

Boston, Nov. 30.—J. Thomas Baldwin,
the famous bandmaster, is dead from
blood poisoning, the result of a simple
injury. He was born in Lowell, Mass.,
in 1832. For 12 years he was business
manager for Gilmore. He led the big
orchestra of the world's peace jubilee in
1872.

BRITISH SURRENDER.

The Garrison at Dewetsdorp Forced to Give up to the Boers.

London, Nov. 30.—All Great Britain is upset. Most people have believed the Boer war crushed months ago, but when the news came from General Roberts yesterday that the entire garrison at Dewetsdorp, 400 in all, had surrendered to the Boers, and that 15 British were killed and 43 wounded, all subjects of queen were down cast.

The disaster sent a trill of alarm through Great Britain. The censorship is so strict that there is no hope of arriving at any clear conception of the actual position of affairs in South Africa.

The ubiquitous DeWet seems again to have gotten away, and so far there is no news that the captured British have been liberated. Taking into consideration the enigmatical military situation north of the Orange river the smouldering rebellion in Cape Colony, the rumors that France has promised Mr. Kruger to press arbitration on England if he is able to obtain the support of Germany and that Lord Kitchener after all is not to be given the chief command in South Africa, the British government will meet the new parliament next week at an exceedingly inopportune moment.

No attempt is made to conceal the extreme irritation felt at the adoption of a vote of sympathy with Mr. Kruger by the French chamber of deputies. The newspapers are unanimous in declaring that no intervention of any kind will be allowed to change the British policy.

FAKE DISPATCHES.

Yellow Journalism in London Turned Down by DeWet's Victory.

New York, Nov. 30.—A dispatch to The Journal from London says the capture of Lord Roberts announcing the capture by the Boers of 400 men makes the stories published in London papers during the last week look ridiculous. By actual count DeWet has been captured a dozen times. The Boer forces are completely routed regularly twice daily with thousands killed and wounded. Every foot of ground in the two republics is pacified weekly while practically every dispatch ends with the statement that only a few widely scattered bands of guerrillas now remain. Every correspondent who showed the slightest desire to tell the truth has been banished, and nothing but painfully evidently doctored dispatches reach England.

The afternoon papers, only six hours before the news of DeWet's victory arrived, contained the most ridiculous headlines announcing a great victory over DeWet.

The Garrison Relieved.

Vryburg, Cape Colony, Nov. 30.—The garrison of Schweizer-Reunke has been relieved by a column of troops sent from here. The beleaguering Boers resisted but were driven off.

Sympathizes With Kruger.

Paris, Nov. 30.—The senate has unanimously adopted a resolution of sympathy with Kruger in the same terms as that which passed the chamber of deputies.

TWO MEN KILLED.

Policeman and a Negro Killed by a Prisoner at Jacksonville.

Jacksonville, Fla., Nov. 30.—Policeman Henry Raley and Chandler Brooks, a negro, were shot dead here Thursday by John Baxter, a young negro. Two negroes were fighting when the officer arrested one of them, the other escaping. While waiting for the patrol wagon Baxter and a number of other negroes demanded the officer to relese the prisoner. Words ensued and bef Raley could draw his pistol Baxter s him. Brooks, an inoffensive negro, rushed to Raley's assistance and was shot down by Baxter. Ex-Policeman Buckner also received a severe wound from the murderer's pistol. Baxter escaped, but was finally captured.

Corsicana Rabbi Honored.

Corsicana, Tex., Nov. 30.—Rabbi Julius M. Magil of Beth-El congregation here has just been notified of his election by the board of editors as one of 300 rabbis who collaborate the Jewish encyclopedia of 12 volumes, which is to be published by a New York publishing house. The work assigned to Rabbi Magil is the collation of the Spanish-Jewish literature and the biographies of living authors, and he is the only rabbi in Texas who has been honored with an appointment on the board.

No Further Steps.

London, Nov. 30.—Officials of the United States embassy say that they have not received any instructions in regard to taking further steps for the release of Mrs. Florence Maybrick, who is under sentence of imprisonment for life on conviction of poisoning her husband.

Caught Between Rollers.

Temple, Tex., Nov. 30.—Billy Mills, an oiler at the Empire Oil mills, got caught in the rollers. His left arm was torn entirely off at the shoulder. The shoulder was crushed and several ribs fractured. He is still alive, but there is no hope of his recovery.

"QUO VADIS"

To be produced During the Krause-Taylor
Engagement.

The Krause-Taylor Big Company will open their engagement at the opera house on Monday night, Dec. 3rd. During the engagement they will present the fad of the day "Quo Vadis," a play telling of life and love replete with human heart interest, dealing in subjects of a religious nature so skillfully as not to offend, and still be entertaining and instructive.
The scenes represented in the play are supposed to take place during the reign of the Emperor Nero (54 to 68 A. D.) In the year 64 A. D. the city of Rome was almost entirely consumed by fire, and Nero, who is said to have ordered the burning of the city himself in order that he might write a poetic description of a burning city, accused the Christians of starting the conflagration. To divert suspicion from himself he caused thousands of them to be slain by the gladiators and fed to the wild beasts in the arena. It is computed that during these persecutions over fifty thousand innocent men, women and children were sacrificed to furnish entertainment for the Roman populace.
The company carry all special scenery for the production of this play, and promise that it will eclipse anything ever attempted by a popular priced company.

BLOOD AT SAN ANTONIO.

One Man Dead and Several Shot in a Labor Fight There.

San Antonio, Nov. 30.—In a melee here yesterday between union men and their friends and nonunion employees of the Southwestern Telegraph and Telephone company, one man lost his life and four others were wounded. It was the first bloodshed of the telephone strike, which was inaugurated on Nov. 2.

William Lacey, policeman, is dead. O. D. Blanton, striker, shot through the body near the heart, will die.

Martin Wright, president of the Electrical Workers union, shot in left arm. Sandy Smith, employee of Telephone company, wounded in head.

Two others, whose names are unobtainable, were wounded.

Sandy Smith, in company with other employees of the company, started out to repair broken wires. The men had police protection. At 11:30 Smith emerged from the exchange and started to climb a pole on the opposite side of the street. While ascending the pole, a crowd of men surrounded him and began jeering. Some one began throwing stones, after which he ran into the Robinson stable to escape the crowd. The latter followed. The fight was continued in the stable. Shortly afterward three shots rang out. Lacey was the first victim.

The shooting caused a great deal of excitement through wild rumors which flew about shortly after the affair. Smith and one of the strikers were placed in jail.

HIS ACCOUNT SHORT.

Board of Education Out a Large Sum by a Clerk's Crookedness.

Cincinnati, Nov. 30.—The accounts of George R. Griffiths, who was clerk of the board of education here for 13 years previous to his death Oct. 1, 1900, are short at least \$100,000, and it is thought that when the exact amount of the stealings become known they will be found to be nearer twice that sum. His peculations covered the whole term of service as clerk of the schools.

The auditors reports say that his misappropriation amounted to nearly all the tuition fees paid by nonresident students since 1893. He kept one private cash book in which accounts were correctly entered and he kept four fraudulent cash books with forced balances made to fit the case of each examination as it might arise. He had forged receipts for moneys purporting to have been paid by him into the city treasury, the forger consisting of fraudulent signatures purporting to be the genuine signature of the city treasurer. The shortage is attributed to horse racing and cards.

FIGHT MOST FATAL.

One Man Killed, Two Badly Hurt and Others Injured.

Waycross, Ga., Nov. 30.—Henry Robinson, a well known young man of this county, was shot through the heart and instantly killed here Thursday in a fight and two others injured.

Jesse McClellan, a deputy sheriff of Ware county, met Matt, Curt, Jim and Henry Robinson and a fight ensued, in which McClellan's pistol was taken from him. All the parties were put under bond and it was thought the trouble was over.

About noon, however, the three McClellans and the three Robinsons met and a general engagement ensued. It is said Jesse McClellan shot and killed Henry Robinson, while Matt and James Robinson were badly hurt. None of the McClellans were seriously hurt.

The Robinsons have sent for two other brothers and more trouble is feared when they arrive.

Dr. Blunt is well satisfied with the measures taken by the county health officer. There are now 31 negroes in the camp, and some of them have the disease in a severe form.

Smallpox at Whitesboro.

Gainesville, Tex., Nov. 30.—Mayor Howeth has returned from Whitesboro where he went to investigate the condition of smallpox in that city. He reports that there are between 35 and 36 cases there, but all are of a mild form. The disease is among the best people of the city, and every precaution is being taken to keep it from spreading. The public schools have been closed for a week.

THE ROOF GAVE WAY.

Men and Boys Precipitated into Vats of Molten Glass.

THIRTEEN ARE DEAD

Eighty-Two Persons Were More or Less Injured, Some of Whom Will Die—They Crowded it to See Football Game.

San Francisco, Nov. 30. -- Thirteen were killed and fully 82 badly injured by the collapse of the roof of the Pacific Glass works here while it was crowded with men and boys watching a football game on the field adjoining. About 75 people fell through the roof upon the red-hot furnaces and glass vats below. All were horribly burned and it is feared that in addition to the 13 deaths already reported there will be several more.

The hundred men and boys had gathered on the sheetiron roof of the glass works to obtain a free view of the annual football game between Stanford and University of California. About 20 minutes after the game had commenced there was a crash plainly audible from the football grounds and a portion of the roof went down.

The fires in the furnaces had been started for the first time yesterday and the vats were full of liquid glass. It was upon these that the victims fell. Some were killed instantly and others were slowly roasted to death. The few who missed the furnaces, together with the workmen in the glass works, saved the lives of many who lay unconscious by pulling them away from their horrible resting place.

Many of the injured were unconscious while others were hurried away, shrieking with agony, to the hospitals. The Southern Pacific railway hospital was only two blocks away and was quickly filled. About 40 wounded were taken there. Others were sent to the St. Luke's hospital and the City Receiving hospital, to private residences and other places.

The roof of the glass works was a half block from the games, but the crowd at the game were too interested to see what was going on. People rushed through the crowd calling for doctors. Hundreds of people left the grounds and gathered about the fence enclosing the glass works. News of the disaster spread rapidly and thousands of anxious people quickly assembled.

The manager of the glass works realized the danger before the accident occurred and had sent for the police to compel the crowd to leave.

The Fourteenth Victim.

San Francisco, Nov. 30. -- Another death is added to the list of victims of Thursday's catastrophe, making 14 victims. The hospitals to which scores of victims were taken report most of the injured doing well though probably several more names will be added to the list of dead.

It is estimated that the counterfeits amount to about \$20,000. The police are now inquiring into the matter.

HARRISON MUST GO.

Son of the Ex-President Will Not Be Kept in the Army.

New York, Nov. 30.—A special to The Herald from Washington says:

Lieutenant Colonel Russell B. Harrison, son of ex-President Harrison, will cease to be an officer of the army after tomorrow. Earnest representations of friends and personal appeals made to the president and secretary of war have failed and he will be discharged in accordance with the terms of the order issued while Secretary Root was in Cuba. This action is taken in spite of the favorable recommendation of Brigadier General J. C. Breckinridge, inspector general, who is chief of the corps of which Lieutenant Colonel Harrison was a volunteer member, and it is understood that Lieutenant General Miles favored his retention. The president decided, however, that the action of the war department was justifiable and Lieutenant Colonel Harrison must go.

In explanation of the determination of the president and secretary of war to drop Lieutenant Colonel Harrison from the service, a high official of the war department said he had been in service longer than any other of the sons of noted men appointed during and subsequent to the war with Spain. James G. Blaine, Stewart H. Brice and other of prominent families were discharged months ago.

Lieutenant Colonel Harrison, it is further said, has shown no special aptitude for the army, and as the department of Puerto Rico, to which he was attached was recently abolished, there was no further need for his services.

AN INDIAN CREMATED.

It Is Believed He Was Offered as a Sacrifice by His Tribe.

Bakersfield, Cal., Nov. 30.—An Indian was burned to death near Kernville, but whether it was an accident or that he was offered as a human sacrifice by the Indians in the party, is not known. A party has been organized here to visit the scene and make an investigation.

About half way between Big Blue hill and Kernville the body was found, and it proved to be that of an old Indian named Bill Chico. It was discovered lying face downward, with nearly all the clothing burned off and the skin badly burned. The man had been dead several hours.

Chico was in town during the day and left on horseback at about 5 o'clock. His horse was found on the way home. Two Indians acknowledged that they saw Chico about 7 o'clock and that they went to a house near by and begged matches and paper. They said they wanted the matches to make a light for the purpose of searching for a bottle of whisky which Chico had lost.

It is reported that several Indians were there at the time and that they were holding a sort of a dance. The authorities believe that Chico was deliberately roasted by order of his tribe.

LIQUOR LICENSE RAISED.

Higher Prices at Manila and the Native Drink Debarred.

Washington, Nov. 30.—The division of insular affairs of the war department has published a statement relative to the liquor traffic of Manila. It shows that the American authorities have increased the license fee from \$4 for each saloon to \$200 for saloons of the first class; \$250 for those of the second class; \$100 for the third class and \$50 for the last class, selling only beer and light wine and located outside of the business district. The sale of the native drink "vino" has been forbidden to soldiers as it is most harmful in its effects upon them.

There were only 155 licenses outstanding on June 30, last, a decrease of 69 since the Americans licenses began. The barrooms are more orderly and keepers more careful in sales to drunken persons and in observing the opening and closing hours. No discharged American soldier holds a license. The Spaniards hold 66 licenses; Americans 23; Filipinos, 26; negroes, 2; Chinese, 8; Japanese, 3, and persons of unknown nationality 27.

Topoka, Nov. 30.—The State Association of Millers and Grain Dealers has undertaken to supply the farmers of Kansas with a new stock of seed wheat. They will send to Turkey for a cargo of Russian-Turkey wheat, which they will deliver to their Kansas patrons at not to exceed \$2.25 a bushel, delivered not later than Sept. 1, 1901. The price to be paid will be the actual cost of the wheat.

Jessie Morrison Murder Trial.

El Dorado, Kas., Nov. 30.—The trial of Jessie Morrison charged with the murder of Mrs. Olin Castle has begun here in earnest. The courtroom was filled with spectators, a majority of whom were women. The state claims a verdict of murder in the first degree. The defense claims acquittal on the ground of self defense.

Postoffice Safe Dynamited.

Rayville, La., Nov. 30.—Burglars Wednesday night dynamited the post office safe at Girard, a little village west of here and secured several hundred dollars in cash and a large number of stamps. On Monday night a safe was blown open at Collingstown evidently by the same gang and nearly \$300 stolen.
